# Frank Stewart

I have experience managing teams, developing design systems with working code, and generating research findings that drive product cycles. Need a director to lead your UX team? Looking to establish good design and research practices? I can help.

# Experience

### Frontend Design (2004-2012)

UI design, Agile development, and web apps

- **Ruckus**
- **Demosphere**
- **Cultural Tourism DC**

⟶
